

A man with short brown hair and a light beard, wearing a grey textured sweater, is looking down and writing in a notebook. He is holding a pen in his right hand. The background is a softly lit room with a window and a wooden door.

Save the planet

FSC SGSCH-COC-003214

Le FSC (Forest Stewardship Council) est une organisation à but non lucratif dont le siège est à Bonn. Elle fonctionne selon une Chain of Custody (chaîne de contrôle) où le bois est suivi de l'abattage (dans des forêts certifiées) au produit final.

BIOGREEN

Matériaux PU issus de sources renouvelables

Le projet Biogreen prévoit l'utilisation d'élastomères à base de biopolyols dérivés de la biomasse végétale. L'utilisation de matières premières considérées comme renouvelables ne met pas en danger les ressources naturelles pour les générations futures.

MATIÈRES PREMIÈRES RECYCLÉES

Matériaux PU à base de matières premières recyclées

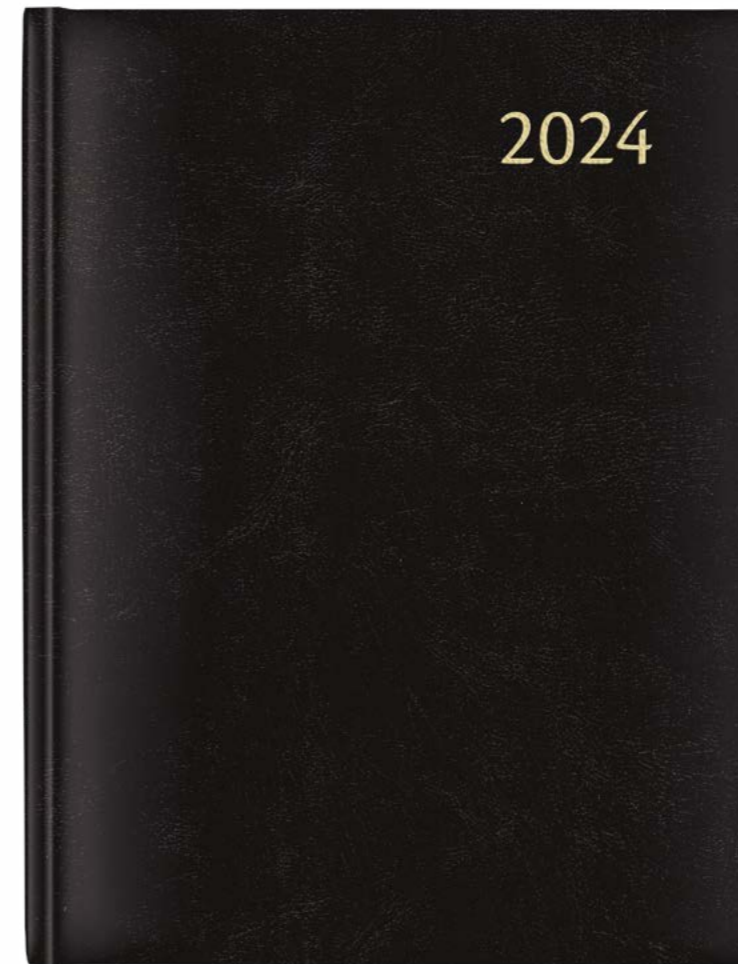

Tissus en polyester et coton recyclés certifiés par la norme Global Recycle Standard, revêtements en polymères recyclés post-consommation.

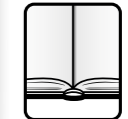

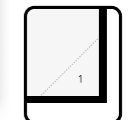

VEGANOK®

La certification VEGANOK assure que la ligne ECO est conforme à la norme VVG (European Vegan Standard) et garantit l'absence d'ingrédients d'origine animale.
